

1. Identification of the Substance/Preparation and of the Company / Undertaking

SDS compliant with regulations – (EC) No 1907/2006 (REACH), (EC) No 1272/2008 (CLP)

1.1: Identification of the substance/mixture and of the company/undertaking

Product Identifier.....	Color Depositing Mask
Reach Registration number.....	No information available
Product name.....	Color Depositing Mask- Coral/Clear

Product code.....	No information available
Product type.....	N/A
EC-No.	N/A
Formular.....	N/A

1.2: Relevant identified uses of the substance or mixture and uses advised against

Identified uses	Personal care
Main use category.....	Personal care

1.3: Company/undertaking identification

Supplier.....	MOROCCANOIL®
Company telephone number.....	+972 3 9511086
Company fax number.....	+972 3 9416232
Company contact person.....	Idan Avishay

Emergency telephone number.....	+972 3 9511086
---------------------------------	----------------

2. Hazards Identification

2.1. Potential Health effects

Inhalation: Inhalation is an unlikely route of exposure. Accidental inhalation may irritate the respiratory system.

Skin contact : May cause skin irritation.

Eye contact : Accidental exposure to the eye from the product may result in eye Irritation. Some redness and/or stinging may occur.

Ingestion : Ingestion is an unlikely route of exposure.

Accidental ingestion of the product may cause gastrointestinal irritation with nausea, vomiting and diarrhea. May be harmful if swallowed.

2.2. Label elements

Labelling according Regulation (EC) No 1272/2008 [CLP]

2.3. Other hazards - none**3. Composition/Information on Ingredients****3.1 Mixtures**

Synonyms	MIXTUR
Formula	N/A
MolecularWeight	N/A

4. First-Aid Measures

4.1 Description of first aid measures

General advice

Consult a physician. Show this safety data sheet to the doctor in attendance.

Eye Contact.....	Flush eyes with water at least 15 minutes. Get medical attention if eye irritation develops or persists.
Skin Contact.....	If skin problems occur, discontinue use. If skin irritation persists, call a physician
Inhalation.....	Remove exposed person to fresh air using protective equipment. If breathing has stopped, perform artificial respiration. Get medical attention promptly
Ingestion.....	Do not induce vomiting. Give large quantities of water. Never give anything by mouth to an unconscious person. Call physician immediately.

4.2 Most important symptoms and effects, both acute and delayed

No data available

4.3 Indication of any immediate medical attention and special treatment needed

No data available

5. Fire-Fighting Measures

5.1 Extinguishing media

Dry chemical, CO 2, water spray or alcohol-resistant foam.

5.2 Special hazards arising from the substance or mixture

No data available

5.3 Advice for firefighters

As in any fire, wear self-contained breathing apparatus and full protective gear

5.4 Further information

N/A

6. Accidental Release Measures

6.1 Personal precautions, protective equipment and emergency procedures

NA

6.2 Environmental precautions

Prevent further leakage or spillage if safe to do so.

6.3 Methods and materials for containment and cleaning up

Small Spill: Absorb with an inert material and put the spilled material in an appropriate waste disposal.

Large Spill: Stop leak if without risk. Move containers from spill area. Approach release from upwind. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see section 13). Dispose of via a licensed waste disposal contractor. Contaminated absorbent material may pose the same hazard as the spilled product. Note: see section 1 for emergency contact information and section 13 for waste disposal.

7. Handling And Storage

7.1. Handling

Handling.....	Keep container hermetically closed in a dry, fresh and well airy place far from sparkles or flames.Observe label precautions
Handling temperatures.....	No information available

7.2. storage

Storage.....	No information available
--------------	--------------------------

7.3. special use(s) and requirements

Product transfer/packing requirement.....	While loading, unloading, tank gauging, etc., remain upwind. Request assistance of safety and industrial hygiene personnel to determine air concentrations. Know the location of eye wash stations and safety showers.
Recommended materials.....	No information available
Unsuitable materials.....	No information available

8. Exposure Controls / Personal Protection

8.1 Control parameters

Components with workplace control parameters

8.2 Exposure controls

Personal Protective Equipment:

Hand, Skin and Eye protection.....	Avoid contact with eyes. Safety glasses with side shields or chemical goggles, Avoid contact with skin and clothing. Wear suitable protective clothing, Gloves should be chosen in consultation with the supplier/manufacturer and with a full assessment of the working conditions.
Respiratory Protection.....	Use adequate ventilation. In accordance with good industrial hygiene and safety work practices, airborne exposures should be controlled to the lowest extent practicable
Body Protection	The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

9. Physical And Chemical Properties

9.1. general information

Appearance.....	Liquid
Colour.....	No data available
Odour.....	Charateristic

9.2. important health, safety and environmental information

Initial boiling point and boiling range.....	No data available
Flash point.....	No data available
Density.....	No data available
Specific Gravity.....	No data available
Solubility in water.....	No data available
PH.....	No data available

10. Stability And Reactivity

10.1 Reactivity

No data available

10.2 Chemical stability

This material is stable when handled and stored at recommended temperatures.

10.3 Possibility of hazardous reactions

No data available

10.4 Conditions to Avoid

Heat, flames and sparks, extremes of temperature and direct sunlight.

10.5 Incompatibilities with Other Materials

No data available

10.6 Hazardous Decomposition Products

No data available

10.7 Hazardous Polymerization

Under normal conditions of storage and use, hazardous polymerization will not occur.

11. Toxicological Information

Acute toxicity – oral.....	No data available
Acute toxicity – derma.....	No data available
Acute toxicity – inhalation.....	No data available

11.1. Effects and symptoms

Symptoms/injuries after skin contact.....	No known effect based on information supplied.
Symptoms/injuries after inhalation.....	No known effect based on information supplied.
Symptoms/injuries after eye contact.....	No known effect based on information supplied.
Carcinogenicity	no data available

11.2. other information

Hazchem code.....	N/A
Potential health effects	no data available

12. Ecological Information

12.1. Ecotoxicity.....	No data available
12.2. Environmental Fate.....	No data available
12.3. Physical/Chemical.....	No data available
12.4. Bio accumulative potential.....	No data available

13. Disposal Considerations

13.1. ecological aspects

Ecological general.....	It is improbable that the composition with ethyl alcohol for cosmetic purpose will accumulate in the environment and cause
-------------------------	--

problems if used in normal conditions.

13.2. disposal instructions

Waste disposal.....	Dispose of in accordance with local regulations
Product disposal.....	Dispose of in accordance with local regulations
Container/package disposal.....	Dispose of in accordance with local regulations
Disposal precautions.....	Use Personal Protective Equipment as per Para 8.

13.3. EU and local legislation

ISRAELI legislation - Licensing of Businesses Regulations (Disposal of Hazardous Wastes), 1990.

EU - Directive 91/689/EEC on hazardous waste

14. Transport Information

General information

The product is not classified as dangerous goods for transport, according to the international regulation of the transport of dangerous goods (ADR/RID, IMDG and IATA-DGR)

Transportation by road or railway according to ADR and RID

Remarks : Not classified as dangerous goods according to ADR.

Transportation by vessels according to IMDG

Remarks : Not classified as dangerous goods according to IMDG.

Transportation by airplane according to IATA-DRG/ICAO-TI

Remarks : Not classified as dangerous goods according to IATA-DGR.

MOROCCANOIL®

Safety Data Sheet
MOROCCANOIL-COLOR DEPOSITING MASK

15. Regulatory Information

This safety datasheet complies with the requirements of Regulation (EC) No. 1907/2006.

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

15.2. Chemical Safety Assessment

No data available

15.3. compliancy additional legislation

No data available

16. Other Information

Reach references.....	Not registered
Revision date.....	12.5.2019
Revision information.....	New Addition
Other information.....	Not available
